Portfolio

Results-driven Full-Stack Developer with a strong foundation in modern web technologies and proven success in delivering scalable, high-performance applications. Experienced in React, Next.js, Node.js, and MongoDB with a passion for building interactive, real-time, and user-centric products. Adept at collaborating in fast-paced environments to turn complex problems into elegant technical solutions.

Education

Diploma, Computer Science, Guru Nanak Dev Institute of Technology, Rohini **2017 – 2020**

B.Tech, Computer Science and Engineering, Krishna Engineering College, Ghaziabad **2021 – 2025**

Work Experience

Full Stack Developer **Rauch International** **June 2024 – Present**
Delhi, India

1. Developed and deployed responsive web applications using Next.js and Tailwind CSS, improving load times by 25%.
2. Integrated AWS S3 for secure asset storage, reducing data retrieval time by 30%.
3. Collaborated with cross-functional teams to build and release customer-facing features with agile workflows.

Projects

CODESHIFT

1. Developed a Q&A platform enabling real-time programming discussions and answer voting.
2. Implemented secure authentication with Clerk and leveraged MongoDB for scalable data management.
3. Technologies used: Next.js, MongoDB, Clerk, Tailwind CSS, ChatGPT API

ZENITH

1. Engineered a real-time collaborative design platform using WebSockets, supporting multi-user interaction.
2. Ensured seamless updates and state synchronization across clients with Zustand
3. Technologies used: Next.js, Zustand, Liveblocks, Tailwind CSS

NOVAHORIZON

1. Created a hotel listing and booking platform with real-time data handling and dynamic UI.
2. Enabled user account management and listing CRUD operations with JWT-based authentication.
3. Technologies used: React.js, Node.js, Express.js, MongoDB, Redux

Technical Skill

Languages: JavaScript, Java, Express.js, Solidity, HTML5, CSS3
Technologies: React.js, Next.js, Express.js, Node.js, Tailwind CSS, React Native
Databases & ORMs: MongoDB, MySQL, Mongoose, Prisma, Drizzle
Other: Git & GitHub, VS Code, Docker, Figma, AWS (IAM, EC2, S3)
